First Attempt of Riiser-Larsen and Holm to Aid Noble Party Fails

Marooned Dirigible Explorers See Planes But Fliers Do Not See Them

Rome, June 18.—The Stefani News Agency announced to-day that General Umberto Nobile had informed the base ship Citta di Milano at King's Bay, Spitzbergen, by radio that he and his five companions had seen two seaplanes flying to rescue them. He said his party had pointed out its exact situation to the planes.

Captain N. Riiser-Larsen and Lieut. L. Holm, the fliers, however, returned from their flight and reported they had not seen the men of the missing North Pole dirigible Italia.

They flew from the icebreaker Braganza, which sailed north of the Spitzbergen islands with their planes aboard. The men returned to the ship after a flight of one hour over the area where the group of survivors, headed by Nobile, was thought to be. They said they had not seen the dirigible group of six men had pointed out to guide them despite the good visibility.

As soon as the fliers have changed the motors of their seaplanes, they will make another flight in the direction of the missing party. They will be aided by his message of his position and information sent by him on the weather conditions.

NILES MEDICAL ADVICE

Gen. Nobile, in his wireless messages, asked advice as to how to treat the skin bone of his right leg, which was fractured when the cabin of the Italia was torn off by striking the ice. He said the fracture was about ready to heal.

Gen. Nobile, in reporting to the base ship, gave the position of his group as 80.33 North and 27.12 East, which would put the men about five miles east of Foy's Island and about eight miles from the position they had previously given. This definite location, Commander Romagna of the base ship Citta di Milano believed, would aid in finding the marooned men on the next flight of the seaplanes.

Capt. Riiser-Larsen said he had flown over North Cape, Cape Piaton and Rips Island, all off the north coast of Northeast Land, the most northeasterly of the large islands of the Spitzbergen group.

Lieut. Holm followed parallel 80.40 to the south of Charles III Island.

SAW SLEIGH TRACKS

In returning from Cape Piaton, Capt. Riiser-Larsen reported he had followed the tracks of sledges which had left Waleberg Bay Wednesday. He saw tracks of the encampment near Soderby Island and noted the presence of the tracks of sledges which had been left by the dog team.

From the observations of the aviators it appeared that the ice in the zone which Capt. Mariano and his two companions must cross and if they reach land was in a very favorable condition for the hike. Those three men left the Nobile group on May 30 and have not been heard of since.

There has been no word of the seven other men of the Italia party who disappeared with the airship after the gondola had been torn off on the ice.

CHARGE FOLLOWS DEATH OF MAN

E. V. Miller Lost Life in Vancouver; Motorist Appears in Police Court

Vancouver, June 18.—E. V. Miller, Cordova Street East, Vancouver, lost his life, and Walter F. Bell, Third Avenue East, is held by the police on a charge of manslaughter as the result of an automobile accident which took place early yesterday morning. According to police reports, Miller was crossing Hastings Street at Heatley Avenue at 2 a.m. when he was struck by an auto driven by Bell.

The injured man was taken to a hospital, where he was found to be suffering from a severe fracture of the skull. He died five hours later.

In police court to-day Bell was given a remand, pending the outcome of the inquest.

London, June 18.—The equal franchise bill, giving women in Great Britain the vote at the age of twenty-one under the same terms as men, passed its third reading in the House of Lords to-day without discussion.

DR. KING WILL COME HERE SOON

Hon. J. H. King, Federal Minister of Health and Soldiers' Civil Rehabilitation, will come to British Columbia early in July, according to word received here to-day. As British Columbia's representative in the Federal Government he is coming to pay his usual midsummer visit to the Province and inspect the work of his departments here.

BOY NEGLECTED JURY DECIDES

Coroner's Inquest Held Into Death of Five-year-old Ronald Booth

Undernourished and Emaciated, Doctor Testifies

"The jury is of the opinion that the child has been seriously neglected. We have come to the conclusion that the child died through injuries, but we have been unable to decide if there has been wilful neglect or neglect through ignorance."

This was the verdict brought in this morning by the jury investigating the death last Thursday of Ronald Booth, five-year-old son of Mr. and Mrs. John Booth, of Sidney.

Dr. Frederick Manning, of Sidney, said he had attended the child at intervals for some years and had found him mentally dull. He had a peculiar negative attitude. Last Thursday at 2 o'clock he received a call from a neighbor and proceeded to the Booth home. There he found Ronald Booth in a terrible state, the doctor said.

PITIFUL SIGHT

"It was one of the most pitiful sights I have ever witnessed," the doctor said. The body of the boy was all marked with bruises and he was in extreme pain, the doctor told the jury. He immediately ordered him to the hospital.

Dr. Stuart Kenning said he summoned to St. Joseph's Hospital at 8.45 o'clock on June 14. Upon arrival there he found Ronald Booth on the verge of death. The child was undernourished and emaciated and the abdomen was very extended, the doctor said.

NEWFOUNDLAND GOVERNOR NAMED

Sir John Middleton Appointed in Britain to Succeed Sir William Allardyce

London, June 18.—King George has approved the appointment of Sir John Middleton as Governor-General and Commander-in-Chief of Newfoundland, in succession to Sir William Allardyce, whose term has expired.

The new Governor-General of the oldest Dominion in the Empire is fifty-eight years of age. He has had a lengthy career in the British colonial service, his last post being Governor of Gambia, to which he was appointed last year. Previously he was Governor of the Falkland Islands, and was connected in various capacities with the administration of Nigeria, Mauritius and other Empire possessions. He is married.

TWO VANCOUVER MEN FACE TRIAL

Vancouver, June 18.—After hearing all the evidence in the case of Murray W. Harris, city fireman, and his brother, Russell C. Harris, charged in connection with a recent series of safe-breaking and robberies, Police Magistrate H. C. Shaw to-day intimated he would commit the accused men for trial, but deferred the formal commitment until Thursday.

INJURED WHEN PLANE CRASHES

Roosevelt Field, June 18.—Bert Acosta, one of the pilots of Commander Byrd's transatlantic plane America, crashed to the ground at Roosevelt Field to-day in a plane owned by Charles A. Levine. He was taken to a hospital. His injuries had not been determined immediately after the accident.

ROAD CEREMONY SET TO-MORROW

Hon. W. H. Sutherland to Officiate at Event Marking Start of New Highway

Marking the start of the new West Coast highway, a bridge-opening ceremony, promoted by the Victoria Chamber of Commerce, will be held at Jordan River to-morrow afternoon, with Hon. W. H. Sutherland, Minister of Public Works, officiating.

FLIERS DO NOT AGREE ON PLANS

Harbor Grace, Nfld., June 18.—A difference of opinion among members of the crew of the monoplane Columbia as to plans for its flight was admitted to-day by Oliver Le Boutillier, one of the two pilots. He said that while he favored starting the flight for England to-morrow morning and flying back to America at the first favorable opportunity, the other members of the crew were talking of flying back to New York, taking the plane to England by steamer and then attempting the westward flight across the Atlantic.

The others are Miss Mabel Roll and Charles Argles.

Tolmie Promises B. C. Survey As Election Policy

The policy of the Conservative Party is to make British Columbia prosperous and happy, Hon. S. F. Tolmie, Conservative Leader, announced in a manifesto issued at his West Saanich meeting Saturday night.

In brief, Dr. Tolmie outlined his programme as follows: A "survey" of the Pacific Great Eastern Railway problem; encouragement of capital, settlement and agriculture; taxation of mining according to its profits; fair treatment of civil servants; "sympathetic investigation" into the advisability of maternity benefits and health insurance; reforestation; preservation of beauty spots on highway; public opening of public works tenders and abolition of cost plus contracts except when they appear advisable.

In addition to all these, Dr. Tolmie promised a "thorough survey of our assets and business opportunities."

Dr. Tolmie's long-awaited announcement on his plans for solving the Pacific Great Eastern problem turned out to be an investigation into the future of the road. He declared, however, that an extension of the line into the Peace River should not be undertaken by the Province alone, but added that he would seek to continue the negotiations for the disposal of the line which the MacLean Government is carrying on satisfactorily now.

PREMER ON WAY HERE TO SPEAK FRIDAY

Government Leader Turns Back to Coast After Successful Tour

Liberal Tickets Here and in Vancouver Taking Definite Shape.

After a triumphal tour of the North, Premier MacLean turned towards home to-day in order to reach Victoria for the Liberal Party's nominating convention in the Royal Victoria Theatre Friday night.

The Government leader is starting a brief tour through the Cariboo riding now and will leave for the coast to-morrow, it is understood here. This will bring him into Vancouver in time for the Liberal nominating convention there Thursday night, when he will deliver one of the chief speeches of the present campaign. On the night following he will be nominated by the Victoria Liberals to head the Party ticket in Victoria. The Premier's speech will be the chief feature of the convention.

TICKETS TAKE SHAPE

Meanwhile the Liberal tickets in Victoria and Vancouver are beginning to take definite shape, and the prominence of the men who seek nomination indicates that the party will be ably represented at the polls. No new additions to the list of prospective Liberal candidates have been announced in the last few days, but as the convention will be open to all members of the Liberal Association the nomination of "dark horses" is possible. Premier MacLean, Mark Graham, W. T. Straith, Alderman Robert Dewar, Dr. Ernest Hall, Dr. Lewis Hall and Alderman H. O. Litchfield are the Liberals who have signified their intention of being candidates for the nomination so far.

YOUNG SWIMMER LOSES HIS LIFE

Death of L. Callen, North Vancouver, at Horseshoe Bay Investigated

North Vancouver, June 18.—Unusual circumstances surrounding the drowning of a young swimmer at Horseshoe Bay on Sunday of Lawrence Callen, nineteen, who resided at Keith and Mahon Avenue, North Vancouver, are being investigated by police. A member of Callen's party is being held as a material witness.

Callen apparently suffered a hemorrhage of the lungs after he had dived from a raft, and it thought he may have been injured before he entered the water.

WERE AT RAFT

Callen, with a large number of other bathers, was on the raft at Horseshoe Bay. He was playing with other members of his party when he took a dive into the water.

When he did not appear on the surface it was thought he had gone under the raft and lay there motionless. He could not be found, however.

Nellie Gates, daughter of Capt. and Mrs. Charles Gates, noticed the body of Callen about eight feet below the surface and called her brother, Charles, who dived several times before he recovered it.

Artificial respiration proved of no avail, and when blood was noticed coming from the lungs the police were notified.

An inquest will be held at 11 a.m. to-morrow.

MEETING WEDNESDAY OPENS FIGHT OF SAANICH LIBERALS

Saanich Liberals open their campaign at a meeting to be held at Hampton Hall, Burnside Road, on Wednesday at 8 p.m. Hon. W. H. Sutherland, Minister of Public Works, and Norman W. Whitaker, the Liberal candidate, will be the principal speakers.

TOLMIE OUT IN FINANCE STATEMENTS

Figures Show Tory Leader Misrepresented B.C.'s Position

Debt Outline Wrong; Government's Budget Underspent

Statements by Hon. S. F. Tolmie, Conservative Party leader, about the finances of British Columbia, entirely out of accord with the facts, were checked up through figures issued by the Government to-day on the authority of official accounts.

Dr. Tolmie's figures on the total debt of British Columbia were shown to be about \$16,000,000 out, while his statement that the Government in the last fiscal year had spent more than the Legislature authorized was directly opposite to the facts.

DEBT FIGURES

Figures on the provincial debt, given out to explain the actual facts as they exist to-day, show that at March 31, 1917, at the beginning of the present Liberal regime, the provincial debt amounted to \$25,521,861, but in addition to that the Pacific Great Eastern Railway had spent up to the total amount of the bonds guaranteed by the Government, or \$20,160,000, which the Province had underwritten. Included in the \$25,521,861 of gross debt there was a borrowing by the Government on account of the P.G.E. of \$1,319,366, so that the total gross debt, including the P.G.E. was \$46,841,227.

To-day the total gross debt, not including sinking funds, is \$46,426,701. Added to this is the debt of the P.G.E., amounting to \$20,160,000. The total increase in the gross debt of the Province since March 31, 1917, is thus \$54,900,701. Dr. Tolmie is telling the electors that the increase has been \$70,000,000.

UNDERSPENT BUDGET

Officials were at a loss to understand Dr. Tolmie's startling statement that the Government had spent \$3,000,000 more than authorized by the Legislature in the last fiscal year, but examination indicated that the Conservative leader had overlooked expenditure items which are allowed by law and do not require special legislative provision. Actually the Government

NEW SPEAKER TO BE ELECTED

British Commons Expected to Choose Capt. E. A. Fitzroy to Succeed Whitley

London, June 18.—(Canadian Press Cable)—A new speaker of the British House of Commons will be selected this week for the first time in seven years, and the function will occupy four days, following the traditional forms. The actual election of a successor to Right Hon. J. H. Whitley, who has held the honorable but burdensome position since 1921 and is now retiring, will take place on Wednesday. Captain the Rt. Hon. E. A. Fitzroy, Conservative, Daventry, and deputy chairman of committees, is the popular choice.

This afternoon Mr. Whitley formally announced his resignation, and Premier Baldwin expressed the general regret of the House at losing the services of the man who has been in the House for twenty-eight years as Liberal representative for Halifax, Yorkshire.

TO HAVE PENSION

To-morrow the Premier will move the thanks of the House to Dr. Whitley, supported by Rt. Hon. Ramsay MacDonald and Rt. Hon. David Lloyd George. Premier Baldwin will then move an address of thanks praying for some signal mark of favor for the late Speaker, this in effect recommending him for the peerage. The House of Commons will vote him a pension of \$20,000.

Late to-morrow evening the members will file past the chair and shake hands with the retiring Speaker.

On Wednesday the only business before the House will be election of Mr. Whitley's successor.

It is understood that while the Labor members are in complete accord with the election of Captain Fitzroy, they have intimated they do not consider themselves bound to support his reelection in any new parliament, holding themselves at liberty to judge his suitability for any further election by the strength he displays in the chair of the House of Commons in the present Parliament. In modern British parliamentary life, however, it has been unknown for a Speaker not to be re-elected by a later Parliament, independent of party considerations.

Miss Amelia Earhart Gains Fame by Being First Woman to Fly Across Atlantic Ocean; Air Voyage Completed in Twenty Hours Forty-nine Minutes by Boston Young Woman, Pilot Wilmer Stultz and Mechanician Lou Gordon

Swansea, Wales, June 18.—The monoplane Friendship, carrying Miss Amelia Earhart, Pilot Wilmer Stultz and Lou Gordon, which arrived at Burryport, Wales, from Trepassy, Newfoundland, at 12.40 p.m. to-day, arrived at Swansea late this afternoon.

Burryport, Wales, June 18.—While all England and Ireland waited on tiptoe this morning to welcome the monoplane Friendship from its transatlantic flight, Miss Amelia Earhart, the first woman to conquer the great ocean by air, and her two companions, Pilot Wilmer Stultz and Mechanician Lou Gordon, settled down unexpectedly on Burry Estuary, Wales, shortly after noon to-day.

EQUIPPED WITH PONTONS

The tri-motored monoplane, the first equipped with pontoons to make a direct crossing of the Atlantic, came to rest as the tide was fully out and the pontoons soon drove their noses into sand close to shore.

A launch was sent out immediately to the plane to determine the wishes of the fliers and to see if assistance was needed.

Bad weather and heavy mist accompanied the Friendship for the greater part of its journey, while rain was almost incessant. Pilot Wilmer Stultz told an Associated Press correspondent here:

NEEDED MORE FUEL

"As you know," he said, "we hopped off from Newfoundland at 9.51 o'clock yesterday morning and intended landing in England. However, lack of fuel forced our hand, and we had to look for a landing place elsewhere."

Stultz was in the best of spirits, and immediately went off to the telephone to give news of the arrival of the Friendship and to secure fresh supplies of gasoline.

He said it was the intention of the crew to proceed to Bristol, which was their destination as soon as possible. Not in years has this tiny port experienced such a thrill as when the big plane swooped into the estuary carrying the first woman ever to cross the Atlantic by air.

It was doubtful if many people in the little port even knew the plane was en route from Newfoundland. However, it did not take the news long to spread among the population, who were greatly excited at witnessing the conclusion of such a feat.

ARRIVED UNEXPECTEDLY

The Friendship, without warning, slipped in over Bristol Channel, which is at the mouth of the river Severn, and came down at Trepassy, several miles off Burryport.

It was 12.40 p.m., just twenty hours and forty-five minutes after the fliers had taken off from Trepassy, Newfoundland, where they and their plane had been held ten days by unfavorable weather conditions and difficulty in making a take-off with the machine's great load of gasoline.

FROM TREPASSY

Trepassy, Nfld., June 17.—Carrying a stout-hearted young woman as copilot, the monoplane Friendship hopped off from here to-day at 10.51 a.m. Eastern Standard time yesterday, for a transatlantic flight. Miss Amelia

GREEK STRIKERS BATTLE POLICE

Dispatches to Vienna Say Thirty Killed in Clashes; Hundreds Wounded

Vienna, June 18.—Special dispatches from Salonica to The Vienna Tagblatt say thirty tobacco strikers lost their lives and several hundred police and others were wounded as the result of clashes at Drama, a town of Macedonia, at Kavala, Piraeus and Salamis, Greece, where street fighting occurred, with many casualties.

Bloody encounters at Piraeus, the dispatches assert, continued throughout last night and were suppressed only when military forces went to the assistance of the police.

Fearing the Communists may attempt to liberate former Premier Panagoulas, the Government of Greece has placed a strong guard around the prison where the ex-dictator is confined.

The situation in the correspondent's opinion, has the appearance of civil war and revolution.

Dispatches to the newspaper further assert the Greek battleship Averoff has been ordered post haste to Piraeus from the Mediterranean to help quell the disturbance. It is expected, The Tagblatt learns, that martial law will be proclaimed.

Troops and police are being mobilized everywhere. Fifteen Communists and leaders in the disorders have been arrested.

REBEL TORIES MEET TO-NIGHT

Conservatives who are determined to alter the Hayward-Hinchliffe-Twigg-Lyons combination in the party's ticket here completed plans to-day for their meeting in the Chamber of Commerce Auditorium to-night. Only delegates chosen at recent primaries to attend the Conservative nominating convention to-morrow night will be admitted at to-night's meeting and how many will attend was a matter of doubt this afternoon. If delegates generally refuse to attend, or if a fair hearing is refused the speakers of the evening, those behind the movement threaten to nominate a slate of independent Conservative candidates in Victoria. Many delegates already have indicated their intention of remaining absent to-night as they are determined to renominate the four former members of the House.

POLICE CHIEF DENIES CHARGE

Tells Vancouver Commission He Did Not Countenance Gambling Operations

Vancouver, June 18.—A charge that Chief of Police H. W. Long told Elmore Meredith, barrister, that only twelve gambling places would be allowed to operate in Vancouver was made at this morning's session of the police inquiry. This charge was denied by the chief on the witness stand.

The allegations were voiced by A. H. MacNeill, K.C., counsel for the investigating commission, who asked the chief if he had had a conversation with Mr. Meredith. The chief declared emphatically he could not recall it.

Mr. Meredith was called to the stand after the chief had been examined and he repeated the charge made by Mr. MacNeill.

The barrister declared that, acting for a client named Wong, who was now in China, he had gone to the police station to make inquiries about property on Pender Street which had been

**TOLMIE PROMISES
B.C. SURVEY AS
ELECTION POLICY**

(Continued from page 1)

As regards maternity benefits, and
health insurance, he said "we will have
a thorough investigation made of the
whole situation with the view to
adopting measures along those lines
when there is need."**MRS. HINCHLIFE POLICY**Mrs. Hinchliffe, in dealing with this
timber policy, in dealing with this
came out frankly and fairly and let
the log embargo policy which John
Hinchliffe has been campaigning on
for some years. Mr. Hinchliffe was
sitting behind the doctor on the plat-
form at the time. The leader declared
that timber as far as possible should
be manufactured into lumber in B.C.
mills, pointing out the great advan-
tages of this to the Province in an
industrial way. But, he pointed out,
there were exceptions, and went on to
explain how, under logging operations,
many logs, especially hemlock, had to
be taken out for which there was no
market on this side of the line."In these cases, it may be better to
ship these hemlock logs out instead of
letting them lie idle in B.C.," he went
on. "But that is an exception and we
should try, as a rule, to keep the
logs here as much as possible."The only proposal which he him-
self labelled as "drastic" had to do
with mining taxation. He proposed
that no levy should be made on any
mining property until the property is
producing. He explained that Ontario
does not impose taxation until a prop-
erty is producing \$10,000 a year and
that this was working out so well that
Quebec was now adopting it.**DUMPING DUTIES**Although it was not in his provin-
cial platform, the doctor devoted part
of his speech to anti-dumping duties
to protect for the Saanich and other
B.C. growers the prairie market which
was getting cheap strawberries from
the south. He told of the work he
and other members had done at Ottawa
to get the anti-dumping clauses
brought into operation. He said there
had also been complaints about appar-
atus dumping by Yakima and Wash-
ington growers on the Ontario market
to the disadvantage of Ontario growers.
"We didn't succeed in getting these
anti-dumping regulations brought into
force," he continued. "But it wasn't
for want of work. The Government
was not interested in us. Their inter-
est was in a little group of Liberals
from the Prairies, most of them Old
Countrymen and free traders, who
want cheap strawberries, cheap appar-
atus and cheap everything."Col. Cy. Peck, V.C., dealt with pre-
diction of Mrs. Mary Ellen Smith that
the initiative part of Vancouver Island
outside of Victoria City would send to
the Legislature Liberal triplets—Whit-
taker from Saanich, Jackson from the
fields and Mrs. Smith from Esqui-
malt."Well, we are going to put these
three little triplets into three little
perambulators and send them back
home on the P.E.I.," he said."I want to say that I've been a
Tolmie man from the first to the last."
"We all know that any advancement
that has been made in B.C. in the lastfew years, has been not by what the
Government has done, but in spite of
what the Government has done," Mr.
Hinchliffe said, adding that finances
of B.C. in 1916, like all countries ex-
cept United States, were poor shape
because of the war and the fact that
most of the men were at the front."I have a belief that the working
man, who has nothing to depend
upon but the sweat of his hands, de-
serves the most careful consideration
of the government. I know the Con-
servative Party has very carefully
watched the interests of that class of
man."Mr. Hinchliffe declared that he had
learned from Mother's Pension which he
could not read, because they were of
such a serious nature. He, however,
quoted from one letter, which asked
why it was necessary for a woman to
be driven to the verge of suicide before
she could get assistance under the
Mother's Pension Act.R. H. Pooley, Conservative House
leader, asserted that there never was
a better sportsman than Tom Cov-
entry, retiring member for Saanich."In Dr. Tolmie, I just want to say
that British Columbia at last has the
right man in the right place," he said."The country's at risk, the people's
all right and all we need is the leader,
said W. O. Wallace, who presided at the
meeting."C. J. H. Dickie, M.P., declared that Dr.
Tolmie was doing a great honor to
Saanich by announcing his platform in
this constituency."I think the people of British Colum-
bia realize that the Government is
in power too long, no matter
whether it was a good government at
the start," Mr. Dickie said.H. Despard Twigg said that Dr. Tol-
mie had raised the question of such
the banner that all British Columbia
should go along with him."Are you going to come along with
us and put the banner of Dr. Tolmie
in the Parliament Buildings at Victo-
ria?" he asked. "No effort in the
Province of British Columbia is going
to stop us."**POLICY IN DETAIL**In his prepared statement of his
new policy, Dr. Tolmie said:
"In a province like British Columbia,
rich in resources, the Pacific Coast
outlet to a vast wealthy country, with
ports open the year round, and cheap
water transportation to the markets
of the world, we have opportunities
that, if intelligently developed, should
make prosperity reign in the land,
and this Province should become one
of the most desirable places to live
in the world in which to live and carry
on the ordinary activities of life.""We should have an ever-increasing
population of satisfied, happy people,
and an emigration which should be al-
most negligible.""In addition to ordinary administra-
tion, a government in British Colum-
bia, to be really effective, must be
keenly alive to the development of
greater development of its resources,
and increase in population. It should
be ever on the alert to take advantage
of all opportunities to increase busi-
ness within the Province, so as to
provide work for our people at home,
and living conditions so satisfactory
as to attract others to our shores. It
should seize every chance to interest
people and capital in our Province by
advertising our opportunities in every
practicable way. In short, the Govern-
ment should be a live, wide-awake organ-
ization, filled with enthusiasm and con-
fidence in our future, and having as
one of its main reasons for existence
the power to call in bringing about
bigger and better business for
British Columbia."**CAPITAL AND TAXATION**"The Conservative party declares it-
self in favor of the encouragement of
investment of capital in British Colum-
bia to assist in the development of our
great natural resources, to establish
industries, thus providing payrolls and
to insure good business conditions gen-
erally for our citizenry. Accordingly,
a policy of stability and certainty with
respect to all kinds of taxation will
be carried out, so that investors of
capital, Canadian, British and foreign,
may be able to carry on their busi-
nesses with a definite understanding
of the future as regards taxation, royalties
and assessments.""Every effort will be made to re-
duce taxation and keep it as low as
the progress of the country will permit.
High rates of succession duties and
estate taxes are extremely detrimental
to the influx of capital for development
of our great resources and discourage
permanent residence in this Province,
and the Conservative party pledges it-
self to reduce such taxes to a more
equitable basis as rapidly as prac-
ticable."**AGRICULTURE**"The Conservative party realizes the
vital importance of placing agriculture
in British Columbia on a sound, stable,
prosperous basis, and will exhaust every
effort to achieve this end, giving par-
ticular attention to better markets,
marketing facilities, marketing methods
and marketing education. We will con-
centrate first on those lines for which
we have an assured market, and will
aim to make the province self-sustain-
ing in the production of agricultural
products as far as is practicable. It
will encourage co-operation, and will
carry on investigation with a view to
market extension, improvement of
livestock and poultry, the production
and supply of good seed, scientific
methods of cultivation of the land and
sound agricultural education will be
given every encouragement.""The necessity for cheap loans, good
roads, cheap transportation and the
lowering of the farmer's taxation bur-
den as much as possible, are all fully
appreciated and will receive close at-
tention.""Everything possible will be done to
facilitate the success of the new settler.
The necessity for encouraging settle-
ment in sparsely populated districts
with a view to increasing volume of
production and thus securing lower
transportation costs by railroad ship-
ments, as well as the encouragement
of co-operative selling, fully realized
and will receive prompt and careful
attention.""In view of our heavy importations
of agricultural products and man-
ufactured goods, everything possible will
be done to stimulate the consumption
of home products of the factory and
farm in preference to the imported
article.""The Conservative party, fully real-
izing the value of the fruit industry
and the importance of encouraging its
development, will place it on a sound commercial basis
during its developing years, will take
a sympathetic interest at all times and
will co-operate with the growers and
distributors with a view to establish-
ing stable conditions.""The problems of irrigation will be
given careful study, every practi-
cable means will be adopted to co-
operate in the removal of the burdens
of the farmer on irrigated land."**LAND POLICY**"The Conservative party is strongly
in favor of a vigorous land policy which
will put our idle acres to work, and
enable us to provide those com-
modities from our farms which we are now
importing in large quantities. It will
co-operate with the Federal Govern-
ment, with the British Government,
our railways and any other corpo-
rations in the settlement of our lands
under satisfactory conditions with good
settlers.""A vigorous constructive land policy
such as the Conservative party con-
templates can reasonably be expected to:
"1. Increase population both rural
and urban."
"2. Increase production, agricultural
and industrial."
"3. Provide increased and dependable
employment of all kinds."
"4. Reduce per capita taxation."
"5. Place on a sound financial basis
provincially-owned railways by provid-
ing necessary traffic for which they
were constructed."
"6. Increase farm and city property
values.""7. Put British Columbia in the
position to which it is entitled by its
natural advantages of location and
resources, namely, that of being the
most prosperous province in Canada.""8. Justify expenditures already made
and others still necessary on account
of interprovincial roads and bridges.""9. Improve the credit of the province
in the world's financial markets.""10. Provide another inducement to
keep our boys and girls at home."**EDUCATION**"The Conservative party believes that
our children should be educated to be
true Canadians, that our aim should
be to fit them for the duties and re-
sponsibilities of citizenship in their
own country, and that our educa-
tional system should be in harmony
with our policy of development so that
the member of the future generation
institutions will be used in Canada and

Austria Soon To Banish Bela Kun

Vienna, June 18.—Bela Kun, the fiery communist who inaugurated a "red" regime in Hungary in 1919, is to be banished from Austria for the second time. This time he will be sent to Germany by aeroplane, the Government of that country having promised to relay him in another aeroplane to some Baltic port, whence a Russian steamer can transport him to Leningrad.

This programme was revealed in ministerial circles yesterday. Kun has been under arrest here since April 28 on a technical charge of entering Austria after he had been expelled. The police assert, however, that his presence in Vienna was part of a plot to inaugurate a fresh Communist regime in Hungary under the patronage of Moscow.

The decision to banish the agitator was reached in advance of his trial, which will not open until June 30. It is said he will be sentenced to a short term in prison because of passport irregularities and at the conclusion of that term will be shipped north by aeroplane.

LABOR PARTIES SPLIT IN B.C.

Independent Group Withdraws From Canadian Labor Party

Vancouver, June 18.—Branches of the Independent Labor Party in British Columbia have decided to withdraw from the Canadian Labor Party and to place their own candidates in the field in the forthcoming provincial general election. This has been announced following a meeting of delegates on Sunday.

The meeting decided unanimously to nominate only two candidates in Vancouver. These will be Ald. Angus MacInnis and Robert Skinner.

Other candidates of the party will be R. H. Neelands in South Vancouver, Frank Browne in Burnaby, Tom Uphill in Fernie, Sam Guthrie in Cowichan-Newcastle, Tom Barnard in Alberni and William Law in Comox.

Sunday's meeting is said to wreck the Canadian Labor Party state nomination some time ago for Vancouver.

One member of that state had already withdrawn, while W. H. Cottrell joined Alderman MacInnis and Mr. Skinner in effect by associating himself with the Independent Labor Party repudiation of the Canadian Labor Party. Two of the Canadian Labor Party candidates still remain, however.

McCom Bruce, who announced himself as linked up with the Canadian Labor Party, was nominated in Nanaimo Sunday by an organization called the Workers Party of Nanaimo and Chase River.

U.S. ADMIRAL F. RIXEY DIES

Washington, June 18.—Rear-Admiral Presley Marion Rixey, seventy-five, former surgeon-general of the United States navy and official physician to President McKinley from 1895 until the latter's death, died at his home in Rixey, Va., yesterday morning.

PLANE CARRYING THREE FROM NEWFOUNDLAND LANDS IN WALES

(Continued from page 1)

Earhart, Boston social worker, was the woman member of the crew. Wilmer Stults was the pilot and Lon Gordon the mechanic.

At the time of the hop-off weather reports from Europe indicated the fliers would have little better than possible flying weather, at least the first half of their course, lying along the Great Circle.

The monoplane took the air after several attempts up and down the bay and after the crew had dumped three containers full of gasoline which had been taken aboard in cans for easy dumping if the machine should refuse to rise.

CIRCLED HARBOR
Stults flew the machine five miles out then returned. The plane circled over the harbor at a low altitude and then disappeared quickly in the East.

Few people, with the exception of press representatives and camera-men were about at the time of the take-off and there was no excitement in the village as most of the people were in church. The only intimation of the flight was the roar of the motors.

The fliers took a food supplies one and a half gallons of soup, milk and black coffee and sandwiches.

RADIO SIGNALS
The plane carried about 700 gallons of gasoline. Two radio sets, one operating on a 600-metre wave length and the other at a low wave length emergency set, were carried.

The Friendship's flight sponsored by Mrs. Frederick Guest, formerly Amy Phipps of Pittsburgh, wife of Captain Frederick Guest, of the British Secret Service, was announced as a "hop-off" in order that the flight might be "truly helpful to aviation" and hoped it would further their link in the friendship between Great Britain and the United States.

REPORTED BY SHIPS
The log of the flight includes the following: 11:30 a.m.—Wireless message from the ship reported it was passing over Grand Banks, sixty miles east of Cape Race.

5:37 p.m.—Message from liner President Roosevelt said steamship Elmworth had reported receipt of signal "All's well," from Friendship.

Cardiff, Wales, June 18.—Eye-witnesses of the landing of the transatlantic monoplane Friendship state the plane had a narrow escape from disaster just before landing, passing within thirty yards of a chimney stack at the works of the Burryport Copper Company.

LESS THAN 21 HOURS
Burryport, Wales, June 18.—The transatlantic monoplane Friendship landed in Burry Estuary on the Carmarthenshire coast at 12:40 p.m. after a 20-hour flight from Newfoundland.

The crew looked very well when taken ashore by a motor boat, and did not appear fatigued by the 2,000-mile air trip from Trepassy.

The plane was first sighted at Llanelly, near Swansea, about noon. It was flying low through a mist and was striking the coast looking for a suitable landing place. Then it disappeared toward Burryport, circled Burry Inlet for a few moments and then dropped to the landing.

The River Llewchwr came to a halt soon, making fast to a buoy. Burryport is a small seaport four miles west of Llanelly—has a small harbor and a dock and a copper smelting works.

TAKEN ASHORE
A motor boat immediately went out and took the plane's passengers ashore in the presence of hundreds of people who ran across the marshy swamp near the scene for distance of three-quarters of a mile to greet the aviators.

The region in which the fliers landed was a depressing scene, but the aviators did not seem to be affected, and looked well after their long journey.

PRECEDENT SET
London, June 18.—The first aeroplane crossing of the Atlantic Ocean by a woman has been accomplished. The hydro-aeroplane Friendship, carrying Miss Amelia Earhart, Wilmer Stults and Louis Gordon, was reported in a Press Association dispatch to have landed in Burry Estuary, off Burryport, Wales, at 12:40 p.m. (4:40 a.m. Victoria time).

The big pontoon-equipped Fokker monoplane had been sighted twenty miles southeast of Cobb, Ireland, by the United States steamship America.

The first definite news that the Friendship had succeeded in crossing the Atlantic came this morning from Captain George Fied, commander of the steamship America, who definitely identified the plane by its number.

EFFORT FAILED
Captain Fied sent the message to the London office of the Associated Press. The message read: "Seventy-five miles southeast of Queenstown (Cobb) the seaplane Friendship, NX4204, circled overhead and attempted to drop two notes on board, but was not successful. The plane then flew North."

WATCH WAS KEPT
Southampton, Eng., June 18.—News that the monoplane Friendship had arrived at Burryport, Wales, was welcomed here.

This part of England had awaited the arrival of the plane and its three fliers with deep interest.

THEFT CHARGE GIVEN DENIAL

In Vancouver J. M. Grosart Says Bond Allegations Have No Foundation

Vancouver, June 18.—Denial of all guilty knowledge in connection with the case was given before Police Magistrate H. C. Shaw here today by James McD. Grosart, charged with theft of \$20,000 in bonds, the property of John McNeely, last October.

Grosart flatly contradicted the story told by A. Perman, who pleaded guilty to the same charge, and declared Grosart had assisted him in removing the bonds from a safety deposit vault here used by Mr. McNeely.

That Perman on October 14, 1927, had introduced him to a man who posed as McNeely, and turned over to him \$20,000 in bonds to be used in the development of the Tulameen Placer Mining Company, was the story told to the court by Grosart. He said that since his arrest he had found the man he had met was a "dummy."

The accused admitted having handled a number of bonds, turned over to him for hypothecation. These bonds, he said, were declared by Perman to have come from Mrs. Perman. The case is proceeding.

ONTARIO INDIAN ASKED FOR CURES

St. Catharines, Ont., June 18.—Charles Silversmith, Indian laborer, who is credited with having made a remarkable cure in the case of George Lickers, another Indian, who suffered from paralysis and was stone blind and is now in normal health, yesterday prescribed treatment for fully forty patients in the first "white" clinic he had ever conducted. To all but one of the paralytics, blind and those suffering from other ailments who visited him at his home near Port Weller he gave hope of cure. He bluntly told one aged paralytic he was too old to hope.

To each patient the Indian talked for a few minutes. He secured a history of each case and then mixed herbs to suit. Each was given a drink of a light red fluid—a sort of prelude to the general treatment.

ROBBERS LOOT VANCOUVER SAFE

Vancouver, June 18.—Using an explosive in a manner that indicates the operators were experts, safecrackers wrecked the combination of the strong box in the office of Thorpe & Company on Burrard Street, Vancouver, Saturday night and escaped with the contents, said to amount to \$400.

Investigation showed a small hole had been drilled above the combination, only sufficient power being used to wreck the lock and permit the opening of the door.

The combination was knocked off a safe in the premises of the Consumers' Tire Company on Granville Street last Friday night and \$6, all there was in the safe, was taken.

BOY NEGLECTED JURY DECIDES

Dr. John Moore said he performed an autopsy on the body. The child was very much under-nourished and there were a number of scars on the head, some of which were healed. There were two bad bruises on the abdomen, while there was a rupture of the stomach caused by force. Death had been caused by the latter and came shortly after the rupture had resulted, witness said. There had been no disease to cause the terrible emaciation, he said.

EMACIATED
Dr. Charles Duck said he had attended the child in the Jubilee Hospital from March 23 to April 13. The boy had a very bad skin disease and was emaciated. He had been fed the best of food and had recovered rapidly under treatment and was in a good state of health when discharged from the hospital on that occasion, Dr. Duck declared.

John Booth, father of the child, said the boy had always been an invalid but had been given the best of care. The boy had been fed the best of food but at times he would hide it under the bed. At noon on June 14 he appeared in usual spirits but that afternoon while lying on the bed he fell to the floor and was lying face downwards when discovered. The child asked for water but appeared all right, Mr. Booth said.

WIFE AND PINCHED
Mrs. Elizabeth Booth, mother of the boy, testified that she first noticed he was not well shortly after 1 o'clock on June 14. She immediately summoned Doctor Manning. During the day the boy looked white and pinched.

Booth said that after the boy fell from the bed he complained about pains in his stomach and appeared to have a cramp. He vomited considerably and screamed about the pain. At times Mrs. Booth said she found food the boy was supposed to eat hidden under his mattress.

Rose May Reid, aunt of the boy, stated he had been a very silent child and was mentally deficient to spend a few minutes with him.

HOUSE OPERATED
A few months later, said Mr. Meredith, he had again seen his client, who told him he had had no further trouble about the situation, and that his tenant had continued to operate.

The fact, as outlined in the budget speech and by the Controller-General's accounts, show that in the year the Legislature authorized the expenditure of \$12,247,000 as main estimates. In addition, supplementary estimates, ratified by the Legislature, amounted to \$704,165. Under statutory authority the Government was allowed to spend \$2,200,824 in superannuation allowances, liquor profit distributions, grants and similar expenditures. Besides all these \$33,844 was spent under special warrants. The total authorized expenditure of the year was thus \$17,247,881.

As against this current expenditure under all accounts totaled \$17,247,881 and capital expenditure \$2,941,408, or a

New Celanese Silk Sports Frocks At \$12.75 and \$13.75

Announcing the arrival of a special new shipment of these celebrated "CELANESE" Silk Sports Frocks which are so well known for their exceptionally good wearing qualities and the RARE CHARM OF THEIR APPEARANCE. They come in shades of blue, green, sand, pink, white and grey.

Made with short sleeves, at \$12.75
Made with long sleeves, at \$13.75

A few of the many unusual features of "CELANESE" are described here:

Celanese Brand garments are quite in a class by themselves. Chemically and physically different from silk and rayon, they possess remarkable properties.

1. They do not soil readily, and are easily washed.
2. They retain their elasticity and other good qualities when wet. They do not need special handling and they dry quickly.
3. Repeated washing improves them.
4. Perspiration does not affect them.
5. They are the only fabrics which allow the sun's health-giving ultra-violet rays free passage to the body of the wearer.
6. The dyes are fast, above commercial requirements.
7. "Celanese" white stays white. It will not turn yellow with age.
8. Noted for their regularity and quality. Only one grade passes inspection. No so-called "B" or "C" grades of Celanese brand products.

Grand aggregate of \$20,788,095. This statement was that the Government was \$459,786 less than the amount ment overpent its authorization by authorized by the Legislature. Dr. Tol- \$3,000,000.

WHAT YOU EAT SHOWS!

YOU can't go on eating foods which are starving your body of proper nourishment without paying for it with a haggard face—a weary, unenergetic body—a general low state of health! For from your food must come all your energy and vitality—certain precious elements all of which you must have every day! And which are so glaringly lacking in so many of our modern foods!

But you haven't the time to analyze every dish which is put before you. How, then, are you to be sure you are giving your body what it needs?

Have the delicious golden-crisp food Grape-Nuts for breakfast every morning. Grape-Nuts was deliberately designed to supply the essential elements so often lacking in modern diet. Grape-Nuts gives you dextrins, maltose and other carbohydrates for energy; iron for the blood; phosphorus for teeth and bone; protein for muscle and body building; and the important vitamin-B. And Grape-Nuts gives you all this valuable nourishment in a very easily digested form.

Your grocer sells Grape-Nuts—in wax-wrapped packages. It's ready to eat with milk or cream. And it costs so little. Four teaspoonsful, costing less than one cent, is a sufficient serving.

"PULLED FRANCE OUT OF DITCH"

Confidence Restored By Premier Poincare, Says M. Balbaud of Paris

"Within the last two years Premier Raymond Poincare has pulled France out of the ditch," declared Paul M. Balbaud, foreign trade adviser to the French Government, in eulogizing the chief political figure of France.

"Money was down. The radical Socialist group was demanding the capital levy. Pessimism began to permeate the country and the people were losing confidence."

"With Poincare at the helm France is successfully grappling with her stupendous problem, and confidence has been restored."

M. Balbaud said it was "miraculous" the way conditions had improved in France during the last couple of years, and he claims it is largely due to the remarkable administrative ability of the French premier. "We are proud of him in France," he added.

Premier Poincare, M. Balbaud stated, had recently floated a loan of 10,000,000 francs to reimburse French short term loans, and it was oversubscribed in a very short time.

"The Premier had to stop the money flowing in," concluded M. Balbaud. "M. Balbaud arrived in the city last week from Paris via Montreal and Vancouver."

The object of the visit of the French foreign trade adviser is to attempt to make Canada a nation of wine drinkers.

WILL TELL STORY OF LEPROSY MISSION

Rev. H. N. Konkile, Canadian Secretary, Coming Soon

An interesting visitor to this city will be the Canadian secretary for the Mission to Lepers, Rev. H. N. Konkile of Toronto. Accompanied by Mrs. Konkile, he is making his Western deputation tour and reports splendid meetings all along the way, many new places visited, and much encouragement generally.

While in Victoria he will address several gatherings on the work of the mission he represents. Friday, June 22, he will speak in Memorial Hall at eight p.m., and illustrate his message with many beautiful lantern slides. This, as well as the other meetings, is open to the public and it is expected that a large number will attend.

Saturday evening he will address the prayer meeting at the Reformed Episcopal Church. He also will be interviewed with views.

The meetings include, the Gorge Presbyterian Sunday School at 10 a.m. Sunday, the 11 o'clock service at Central Baptist Church, A.O.F. Hall, Commercial Street, and the evening service at Fairfield United Church.

The Mission to Lepers is world-wide in scope and evangelical in character. It ministers to perhaps the most needy of all human beings, the outcast leper, and establishes hospitals wherever possible in conjunction with existing medical treatment is given and spiritual benefits extended, the disease is arrested and in many cases cured, and hope and cheer take the place of the untold misery of the life of an outcast.

Brentwood

Brentwood, June 16.—Mrs. E. Miles, of Victoria, is spending several weeks with her mother, Mrs. R. J. Parsell, Benvenuto Avenue.

Mrs. Fuller and daughter, of Esquimalt, were the guests of Mrs. Atkins, Verdier Avenue, on Thursday.

Mr. and Mrs. C. Atkins, of Verdier Avenue, left on Friday for Bussano where they will visit their son for a couple of months.

Among the attractions arranged for the fête to be held at Bardsley on Sunday, June 22, is an open air play to be presented by the South Saanich Girl Guides. The fête will be opened at 3 p.m. with the enrolment of the South Saanich Brownies. The home-cooking stall will be in charge of the Girl Guides, stalls of fancy and useful articles of needlework, of fruit and flowers will be looked after by members of the W.A. & St. Stephen's and St. Mary's, who are working hard to make this annual affair a success. Afternoon tea and ice cream will also be served.

The regular monthly meeting of the West Saanich W.I. was held Wednesday evening. The chair was taken by the president, Mrs. E. Roehon. After the routine business the secretary read a letter from the secretary of institutions re a flower show. After some discussion it was decided that the members were too busy with the fruit season to hold a show. Plans for the playsheds were discussed and on motion of Mrs. McQueen further information will be obtained before proceeding with definite arrangements. Arrangements were also completed for the band concert and dance to be given by the Gileph Temple Shriners Band on the evening of Friday, June 22. Strawberries and cream, ice cream and lemonade will be served during the evening. The meeting then adjourned, and was followed by a military five hundred party. Six tables of players took part in the game. First prizes were awarded to Mrs. Anderson, Mrs. Haddon, C. Atkins and W. Byrd with a score of twenty-eight tags. Second prize winners were Mrs. Ward, Mrs. Baber, Miss P. Maher and C. Hume, the consolation going to Mrs. Creed, Mrs. Atkins, Mrs. McQueen and R. J. Freeland. Refreshments were served after the game by the ladies of the institute.

E. T. MEREDITH DIED IN IOWA

Des Moines, Iowa, June 16.—Edwin T. Meredith, local publisher and secretary of agriculture in President Wilson's Cabinet, died at his home here last night.

Heart failure caused by high blood pressure was ascribed as the cause of Meredith's death.

MRS. L. A. GENGÉ

CHOSEN REGENT

Margaret Rocke Robertson
Chapter I.O.D.E. Revived
Saturday

Mrs. L. A. Genge was elected regent of the Margaret Rocke Robertson Chapter, I.O.D.E., at a meeting held at her home on Saturday evening when the once-active chapter was reorganized and revived. Other officers chosen were: First vice-regent, Mrs. Hermann Robertson; second vice-regent, Miss Lorraine Terry; secretary, Miss Dinahdale; treasurer, Miss Epper; educational secretary, Miss Boo Wilson; Echoes secretary, Mrs. E. C. Hayward; standard-bearer, Miss Jill Lloyd-Young.

Others present at the meeting included: Mrs. Curtis Sampson, provincial president; Mrs. J. H. Gillespie and Mrs. A. E. Hopkins, all of whom briefly addressed the meeting; Mrs. P. E. Corby, Mrs. H. K. Prior, Miss A. B. Cooke, Mrs. Kippen, Mrs. Boldero, Mrs. Paul, Mrs. Gordon Smith and Miss K. Fell.

Mrs. B. B. McKicking, organizing secretary, suggested that the chapter revive its original motto: "Still in thy right hand carry gentle peace."

Mrs. Genge urged the members of the newly-reorganized chapter to establish a bursary in the name of Margaret Rocke Robertson, the first elected regent of the oldest chapter established in the city, and to further educational work, which had been Mrs. Robertson's life interest. Miss Cooke also spoke a few words on educational work. The first meeting of the chapter will be held on Monday, June 25.

At the close of the meeting Mrs. Genge served refreshments.

OFF TO ENGLAND

Professor Stanley Shale, A.R.A.M., the eminent English pianist and principal of the Dominion Academy of music will leave shortly for England to fulfill engagements in London and to attend the Tobias Matthay musical festival in a group of songs and recitations. Lovers of good music in Victoria will look forward to this as Professor Shale's first recital was a musical treat.

SOCIAL PERSONAL WOMEN'S AFFAIRS AND CLUB NEWS

YOUNG BRITONS TO TOUR CANADA

Winners of Newspaper Scholarships Sailing From England July 28

Winnipeg, Man., June 18—Preparations are now going forward at various points throughout Canada for the reception of a party of fifty young men and women who are being sent out from Britain in August next on a special mission as "Ambassadors of Empire" representing the youth of the British Isles, for a personal study of Canada from an Empire standpoint. The party, which is traveling under a scholarship plan inaugurated by the allied newspapers of Great Britain for the promotion of a more intimate knowledge of the Empire among the younger generation in the Motherland, is being selected on the basis of an examination written on Empire topics, the majority of questions having reference to Canada.

100,000 CONTESTANTS

For weeks past the newspapers in Britain have been carrying announcements of the tour, and the motion picture theatres have been running special scenes of Canada with suitable references to the coming visit to the Dominion of the young students.

So intense has been the interest created, that more than 100,000 contestants completed the examination papers, and this week a special staff of examiners is sitting in session upon them at the Imperial Institute in London. The final selection rests with a special board of examiners headed by Prof. Newton of London University. A farewell dinner is to be given the members of the party and their parents in London before the young people sail on July 28.

The passage across the Atlantic is being contributed by the Cunard Steamship Company, and the tour throughout Canada by the Canadian National Railways. As a part of the Empire plan, the Allied Newspapers, an alliance of more than 160 publications headed by Sir William Berry, will send their own press correspondent with the party, as well as a motion picture man.

A hearty expression of thanks and appreciation was paid to His Honor the Lieutenant-Governor for his donation of flowers.

The children who assisted in the day were warmly thanked for their contribution to the cause of other less fortunate kiddies.

Victoria Institute Records Tribute To Mrs. Pankhurst

The Victoria Women's Institute at its meeting on Friday afternoon went on record in appreciation of the efforts of the late Mrs. Emmeline Pankhurst in obtaining franchise for women. Mrs. Frank Campbell, convenor of Legislation, told the meeting on the social legislation passed in British Columbia, and the benefits accruing thereby to women and children. The treasurer's report showed good balance at bank; convenors of standing committee reported progress. It was decided to hold another wool bee on Friday, June 22, and the members will visit the Palm Dairy on Wednesday, June 27. This was arranged by Mrs. Urquhart, convenor of industries. The Institute will take a provincial membership in the Canadian Child Welfare Council. Mrs. W. Peden occupied the chair and twenty members answered the roll call.

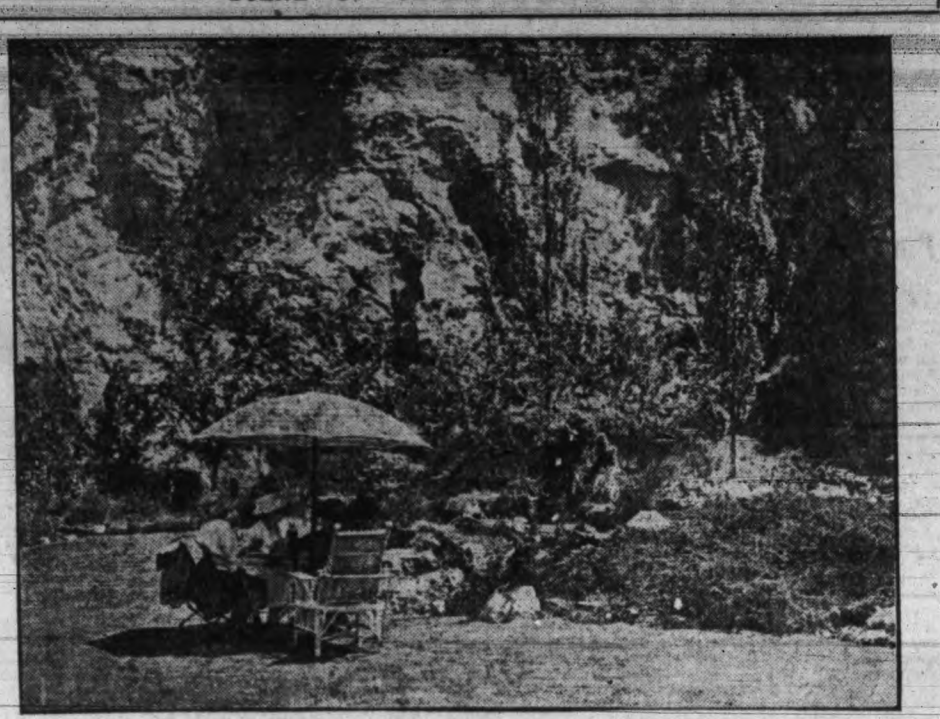

City Temple Auxiliary—At the monthly meeting of the Ladies' Auxiliary of the City Temple, to be held in the Temple Hall on Tuesday evening at 8 o'clock, there will be a discussion on "Corporate control: a benefit or a disadvantage."

JUBILEE W.A. WILL CONTINUE ITS DRIVE

The Women's Auxiliary to the Jubilee Hospital will continue their campaign for memberships all this week from the booth stationed in David Spencer's Limited. The auxiliary hopes by this drive to get in all dues of the present membership and to add many new members to their roll, as they feel that this work among the sick and suffering is one which will have a special appeal for every woman.

Two members of the auxiliary are stationed inside the main door of the store each morning and afternoon throughout this week.

Poland Receives Note From Soviet

Moscow, June 18.—Radical measures, assuring the maximum of safety for Soviet representatives in Poland, are called for in a note sent by G. V. Tchitcherine, Commissar for Foreign Affairs, to the Polish Government. The note states White terrorists in Poland are continuing their pernicious activities despite measures taken by the

Government. It also points out that all those arrested in connection with the attempt on the life of M. Lissarsky, were freed. The danger to peaceful relations if the activities of militant anti-Soviet elements in Polish territory continue is stressed in the note.

YOUR BABY and MINE

Mrs. E. H. H. writes: "My baby is fifteen months old and she absolutely refuses to take two naps a day. She gets up in the morning at six or 6.30, and by 9.30 is ready for a nap. She sleeps until eleven. Then at two I put her to bed again, but she will not sleep. I used to put her to bed at seven and she would go right to sleep, now she will not lie down, and cries to be taken up. Should I leave the room and let her cry it out? I am so afraid to as she may stand up and fall out of bed. If I pin her gown she cries all the more."

TWO NAPS A DAY REPEATED BY CHILD AFTER ONE YEAR

Mrs. A. L. H. writes:

"After a baby has become regulated a mother sometimes finds it difficult to realize that new regulations have to be made as the child grows. A baby may sleep twice a day for months and then suddenly decide to stay awake at all nap time, thus throwing the whole schedule out of kilter. The thing to do then is to make a new schedule to fit these new conditions. Change the nap time to the middle of the day, and make one good nap do the duty of two. This nap can come directly after lunch, for the baby tends to be sleepy then, especially if she has been

up all morning. Then the nap may last two or three hours, and keep the baby in good humor until bed time. It is quite commonplace also for the older child to begin to show reluctance about going to bed. Life is becoming pretty interesting now and no matter how sleepy, the small one wants to continue playing and being played with. This tendency should be nipped right in the bud. If the supper is a wholesome one, and baby is generally well nourished, nothing should be allowed to interfere with that regular bed hour. It is vitally important, and parents should think many times before keeping the child up after his regular bedtime for any excuse whatever. It is being careless about this, even for a few nights, that starts most of the trouble.

One of those harnesses which can be bought to keep baby safe in his carriage or high chair, can be put around baby's waist and fastened to the "sides" of the crib. Then you needn't worry about her falling out. Tell her that this is bed time and she must not cry because you won't come in to her. A child of fifteen months understands this perfectly, and if you keep your word and don't go in, the cries are going to become very half-hearted and shortly there will be an end to them.

PREDICTS CLASH BETWEEN LEADERS

Dr. Clarence Mills Says No Room For Shek and Feng in City of Peking

Peking is not big enough to hold two men like Chiang Kai-shek and Yeh-sing-feng, the two Nationalist army leaders who recently entered the ancient Chinese capital, according to Dr. Clarence H. Mills, medical mission-ary attached to the Rockefeller Foundation College at Peking, who arrived in Victoria to-day on board the liner President Lincoln, accompanied by Mrs. Mills and their three children. Dr. Mills and his family are en route to their home in Cincinnati.

Almost an open rupture existed between the two generals as they converged upon Peking. Dr. Mills stated, following his arrival here to-day, he says there is little possibility of lasting peace in China, no matter who is in control.

LIVES FEARED LOST IN CENTRAL MEXICO QUAKE

Mexico City, June 18.—All of South Central Mexico, from the Gulf of Mexico to the Gulf of Tehuantepec, was shaken by a series of earthquakes which lasted all Saturday night. The shocks continued yesterday in the state of Oaxaca.

No definite report of loss of life were received, but dispatches from Oaxaca said it was feared several victims had been buried in the ruins of their homes there.

Property damage was widespread, but was relatively unimportant except at Oaxaca City. That section was just beginning to recover from a visitation of about two months ago, and now must do its work over again as well as reconstruct much freshly damaged property.

In Mexico City, Puebla, Vera Cruz and other towns there was general panic, people rushed from their homes into the streets and plazas, and falling upon their knees in prayer. In many places they have fled to the country, camping in the open and refusing to re-enter their homes.

Defeat Faltering Cincinnati Reds in Game Shortened
by Rain and Increase Lead at Top of League;
Burleigh Grimes Gains Revenge on Giants by
Pitching Pittsburgh to Win; Dazzy Vance
Strikes Out Fifteen Men and Brooklyn
Win; Yankees Clout Three Home

At the top of the standing list, the Cardinals carried their winning streak to eight straight games at the expense of the faltering Cincinnati Reds, yesterday. Bain halted play in the sixth inning with the Cardinals leading 6 to 2.

To-day the Cardinals were leading the league by three games, with most of their advantage contained in the lost column.—The New York Giants allowed a golden opportunity to gain on the second place Reds to go by when they bowed before the moist

delivery of Buriel Grimes of the Pittsburgh Pirates. Buriel was traded to the Pirates by the Giants during the Winter.

New York, June 18.—Buriel Grimes was in splendid form and the Giants went down to defeat before the Pirates by 6-0 in the last game of the series

litter with Grimes. Only two men reached third base on the Pirate spitball.

Easy Vance rose to spectacular heights at Brooklyn when he struck out fifteen Chicago barmen while pitching a three-hit shut-out victory. The next day he pitched off for the Pirates, but his effort was not good enough to win handily by 4-0. In the second and third innings and again in the fourth, Vance fanned five batters in a row.

APPROACHES RECORD

With only Rogers Hornsby left, the Big Six fell to with a bang yesterday. Ruth, Cobb and Heilmann increased their lead in the batting race. In the twenty-first home run at St. Louis, while Paul Warner, in second place, kept back stationary, Only Frisch declined, and even Faneb might have cut in on the good things of the afternoon if rain had not halted the Cincinnati-St. Louis game at Redland Field after the fifth inning.

Fifteen strikes out in nine innings approaches the modern National League record of 16 set by Nap Rucker twenty years ago. Twice, in 1924, Vance had hit fifteen Chicago men in nine innings.

Jackie May's wildness enabled St. Louis to win at Cincinnati, 6-2, and strengthened the Cardinal's lead in the race for the pennant. Rain started to fall but the first part of the fifth inning but play was continued until two were out in the sixth.

YANKS TAKE ANOTHER

Three homers, including one by Babe Ruth, increasing his total to 25, assisted the Yankees to victory at St. Louis yesterday, to even the score with the Browns.

Combe opened the fireworks in the eighth inning, one out, followed by Ruth's circuit-clouping homer, which counted in the ninth, driving in a run ahead of him. Hoyt allowed the

"Ziegfeld's Ingenues" Outstanding Drawing Card At Capitol Now

Girls' Band Has \$15,000 Worth of Musical Instruments
in Its Baggage for Victoria Repertoire

A glorified band of girls, "The Ziegfeld Ingenues," who were such a sensation in the Ziegfeld Follies of 1927, in New York, are to appear at the Capitol Theatre here this week, commencing to-day. In order to bring to Victoria and present this act in its entirety it is necessary to carry with them some thirty trunks containing over \$15,000 worth of musical instruments.

A special insurance policy had to be written up just previous to the start of the Ingenues' tour of Western Canada. This policy was also written to cover any damage to the instruments in transit, or loss sustained by delayed arrival of them at their destination. A special attendant has been detailed by the insurance company to travel with the car containing the instruments to doubly insure their safety and prompt arrival here.

In addition to the instruments, "The Ingenues" carry a complete change of scenery, built for the New York production of this great presentation, and their own costume wardrobe designed for this engagement.

The Ingenues will present a programme of singing, dancing and musical specialties in a fast-moving presentation. "Easy Come, Easy Go," starring Richard Dix, is the attraction on the screen. It is straightforward, simply told and unrestrained. There is no striving for effect, but the action unfolds in increasingly funny sequence with the necessary dashes of romance to enhance the humor theme.

Nancy Carroll, Dix's new leading woman, who made an outstanding success in the Paramount picture of Anne Nichols' "Able's Irish Rose," adds new laurels to her crown by her work in "Easy Come, Easy Go." She gives every evidence of becoming one of Paramount's favored stars.

A strong supporting cast works with Dix in this comedy and produces, altogether, an able picturization and a really entertaining entertainment. It is a clean, wholesome, sympathy-winning picture, entirely enjoyable.

Pola Negri In Film "Passion" At Columbia

Emil Jannings Plays Opposite
Famous Star in Colorful
Tale

Emil Jannings and Pola Negri, both have been referred to time and again as Europe's greatest screen celebrities. Both share the important roles in "Passion," the Ernst Lubitsch production, at the Columbia Theatre to-day. This romantic drama, which is known the world over, being adapted from the story of Countess Du Barry, was directed by Ernst Lubitsch, who already has successfully scored his mark in the film art with some of the most splendid pictures of the time, namely: "Kiss Me Again," "The Marriage Circle" and "So This Is Paris."

In "Passion," Pola Negri assumes the role of the little French milliner who became the most powerful woman in all France by virtue of her charm and beauty. Emil Jannings plays the part of King Louis the Fourteenth.

Supporting Emil Jannings and Pola Negri, Ernst Lubitsch has assembled a cast of 5,000 people whom were used in many of the scenes.

AT THE DOMINION

A SCENE FROM "ACROSS TO SINGAPORE"

Matheson-Lang At Coliseum In Oriental Theme

"The Chinese Bungalow" is Star-
ring Vehicle for Creator
of "Mr. Wu"

It is not often that a dramatic presentation that has won signal success on the stage is able to maintain the same high standard of art when thrown upon the screen. "The Chinese Bungalow," which will be presented at the Coliseum is an exception. Nothing is lost of the dramatic force of this well-known play in the film version. Indeed, in some respects the power of the presentation is heightened, through the latitude that is given the camera for the production of scenic effects.

The English director has followed the original play closely. His only change is a short introduction which shows

how the English woman came to be married to a Chinaman. Then follows the story of her infidelity, and her husband's subtle scheme to avenge his honor.

It all unfolds with an excellent sense of dramatic values, working up to the same tense climax that the play possessed on the legitimate stage.

"The Chinese Bungalow" is an excellent example of the work that is being done by the English movie makers. With them, the story is of first importance. Matheson Lang gives a good impersonation of the Chinaman, and even through the searching medium of the camera, he succeeds in suggesting a Mongolian.

The story of the play is already familiar to most people, and it is rigidly adhered to in the picture, no extraneous effects being permitted. Matheson Lang takes the chief role of Yuan Sing, the wealthy Chinese, whose high code of honor might well put the man of the Western world to shame. Mr. Lang's splendid power of characterization loses nothing on the screen. He is the embodiment of the debonair, courteous Chinese, familiar to those who have seen him in this role on the stage.

'Smile, Brother, Smile' Will Commence Bill At Variety To-day

Dorothy Mackail and Jack
Mulhall Featured in Lead

"Smile, Brother, Smile," the first National production at the Variety Theatre to-day, has attracted more attention during its filming than almost any other picture of the season.

It is based on the life and adventures of a traveling salesman, and when Charles R. Rogers announced he was planning to produce such a picture, he received thousands of letters from traveling men, many of which contained valuable suggestions, which were incorporated into the story. Contents in connection with the picture were held with various commercial magazines.

Dorothy Mackail and Jack Mulhall are the featured players.

"Across to Singapore" Gives Ramon Novarro Fast Moving Vehicle

G. Donald Grey and Sidney Dixon, KOMO Vocalists, Reappear at Dominion This Week, in Support of Fine Bill.

Ramon Novarro, hero of "The Student Prince," "Ben-Hur" and many other famous plays, now plays at the Dominion Theatre in his latest screen success, "Across to Singapore." The new Metro-Goldwyn-Mayer production, directed by William Nigh, is a dramatic romance of the high seas, laid aboard the old clipper ship New England, and the mysterious Orient.

Novarro plays a young sailor, one of three seagoing brothers, who, in an amazing tangle of love and adventure, figures in desperate runs across the Pacific, mutiny and other graphic details incidental to a colorful love story. A notable cast supports the star, Joan Crawford, heroine of "West Point," "Spring Fever" and "Twelve Miles Out," is the heroine of the new sea drama. Ernest Torrence, Edward Connelly, Frank Currier, James Mason, Dan Wolheim, Duke Martin, Anna May Wong and others are in the cast. Much of the picture was taken

aboard the famous old clipper "New England," which sailed for several weeks on a Pacific cruise, during which the sea action, including a terrific storm, a mutiny and an attack by Oriental gangsters and pirates was filmed. The Singapore scenes are elaborate, including a famous resort of sailors in the "melting pot of the Orient," in which practically every nationality on the face of the earth is seen.

The story deals with the love of two brothers for the same girl, and a rivalry that precipitates a climax. It was adapted from a sea romance by Ben Ames Williams, novelist and Saturday Evening Post author. William Nigh, who directed the play, is famous for such productions as "Mr. Wu" and "The Fire Brigade."

Mary Astor Has Lead in First National Film

Playhouse Offers "No Place to Go" This Week

What do movie actors do with their time "on the set" between scenes? Often one actor or actress will be working in a scene before the camera, while another must wait his turn.

Mary Astor is a great reader. She is an expert student of philosophy, and during the filming of "No Place to Go" read "This Believing World," a newly published work.

Lloyd Hughes, featured with Miss Astor in this picture, who has been hailed as the "typical man," makes no bones of the fact that he enjoyed the popular magazines. He especially likes the biographical and economic articles, he says.

Hallam Cooley, who has a comedy role in "No Place to Go," read all the current copies of Life, Judge and Collier's, and one of Stephen Leacock's delightful burlesques, "Arcadian Adventures of the Idle Rich."

Virginia Lee Corbin, also in the cast of this film, read a couple of E. P. Roe's old-fashioned romances and a volume of Ella Wheeler Wilcox's poetry. "No Place to Go" is now at the Playhouse. It is a First National picture.

OVER THOUSAND SEE ROSE SHOW

Victoria Rose Fanciers View Fine Displays

Over a thousand people viewed the beautiful exhibits at the Oak Bay Rose Society's fifth annual show held in the Crystal Garden on Saturday.

Although there were not as many displays this year as last, the quality of the flowers amply made up for the deficit in quantity. The champion rose in the show was a perfect red bloom of the W. C. Galt variety entered by H. R. Beaven. This bloom was the finest yet exhibited in any show and was justly admired by all who examined it. The decorated dining tables and bowls of roses showed a marked improvement over those of the 1927 show and a new feature was introduced in the Government House display which included exquisite specimens of Dorothy Page Roberts, Shot Silk and Constance varieties.

Mrs. Driscoll's bowl of Old Gold which was first place in the bowl of cut roses class was admired a great deal as was the second prize bowl of Red Letter days entered by Mrs. C. F. Armstrong. The basket of lemon pillars and sunstars shown by Mrs. Harrington was an easy winner in its class, although it was judged against a fine basket of Emily Greys exhibited by Mrs. D. Reid. Two non-competitive exhibits of other plants which drew great deals of praise and commendation from the flower fanciers who saw them were a table of Calceolarias, displayed by Mr. Randle and Delphiniums and Dutch lilies shown by R. M. Palmer of Cobble Hill.

The nursery men's exhibits were up to their usual standard, while those of the amateur rose growers showed a higher degree of excellence than in last year's display.

Mrs. R. P. Butchart opened the show at 2 o'clock in her usual charming manner. Music was furnished by Billy Tickle's concert trio throughout the afternoon and evening and the exhibition was a success in every way.

The officers in charge of the show were: President, Dr. W. P. Walker; vice-president, J. F. Smith; committee, His Honor Judge Lampman, H. R. Beaven, C. J. Prior, J. V. Scrivener, C. C. Tunnard, Gordon Downes, hon. secretary, David Reid, 1055 St. David Street, Oak Bay; hon. treasurer, E. Stonham, Bank of Montreal, Oak Bay; judge of show, J. F. Smith.

The awards for the various classes were given as follows:

1. Representative group of roses in

vases on staging—1, Layritz, 2, Olsen.

2. Basket of roses, not less than 18 blooms—1, Victoria Floral Company.

3. Exhibition roses, 12 blooms, distinct varieties—1, H. R. Beaven; 2, W. F. Salisbury.

4. Exhibition roses, 12 blooms, distinct varieties—1, Dr. W. P. Walker; 2, W. F. Salisbury.

5. Exhibition roses, 6 blooms, one variety—1, H. H. Beaven; 2, Mrs. John Jardine.

6. No entry.

7. Garden or decorative roses, 12 blooms, distinct varieties—1, H. R. Beaven; 2, S. Gill.

8. Garden or decorative roses, 6 blooms, distinct varieties—1, R. Reid; 2, Mr. Macbean.

9. Six blooms, new roses, placed in commerce since 1922—1, General Dunbar; 2, Mr. Godwin.

10. Best selection of buttonhole roses, 6 blooms, distinct varieties—1, A. Reid; 2, Dr. Walker.

11. Semi-double roses, 3 vases each, containing a distinct variety, no more than 2 stems to each vase—1, General Dunbar; 2, Mrs. D. Reid.

12. No entry.

13. One vase single roses, 6 stems, one or more varieties—Mr. Macbean.

14. One vase single roses, 3 stems, one or more varieties—1, M. R. Jamieson; 2, S. Gill.

15. Bowl of cut roses, with foliage, grown by exhibitor in garden—1, Mrs. Driscoll; 2, Mrs. Armstrong; 3, Mrs. Dunbar.

16. Basket of roses, not less than 12 stems, one or more varieties—1, Mrs. Harrington; 2, Mrs. D. Reid; 3, Mrs. Goodlake.

17. Three white or cream roses, 18 stems, one or more varieties—1, General Dunbar; 2, Mrs. J. W. Church.

18. Three yellow roses, in vase, one or more varieties—1, General Dunbar; 2, Mr. Macbean.

19. Three pink roses, in vase, one or more varieties—1, General Dunbar; 2, S. Gill.

20. Three red roses, in vase, one or more varieties—1, C. C. Tunnard; 2, Mrs. C. F. Armstrong.

21. Three roses of any other color, one or more varieties—1, C. C. Tunnard; 2, Mr. Macbean.

22. Decorated dining table, roses only—1, Mrs. Carl Gommason; 2, Mrs. Harrington; 3, J. V. Scrivener.

23. No entry.

24. Special class, open to growers of fewer than 25 plants: 6 roses, AA7 variety, shown in any manner, named or unnamed—1, D. W. Strath; 2, H. O. Simpson.

25. Champion rose of show—H. R. Beaven.

Logans Promise Big Return; Sour Cherries Bear More Than in 1927

Fruit crop prospects on Vancouver Island and the Gulf Islands are outlined in the latest crop report of the Department of Agriculture, as varying considerably. Conditions are described as follows:

"Climate conditions during the past two weeks have been more or less favorable to the development of the strawberry crop, although the berries came on very fast about the middle of last week, and the first car rolled on June 6. A few days of dull weather the first of this week has been a boon to strawberry men, as it has held back the crop slightly. Owing to winds some rustiness in the berries was in evidence, but they are coming much brighter in appearance at present. Carload shipments have been very heavy during the past few days, and the height of the crop will probably be reached about June 16.

"Black currants and loganberries are doing well and promise a fair to good crop. Sour cherries do not look as promising now as earlier in the season, but the crop should slightly exceed that of 1927. Sweet cherries in some orchards are a much lighter crop than in 1927, while in other orchards they are better."

Langford

Langford, June 16.—J. Zimmerman of Langford Lake has left to spend the summer at Bank, B.C.

Mrs. A. J. Knappell of Portland with her two children are visiting Mr. and Mrs. A. Cooper of Wharfedale, Multan Road.

Prince Edward Branch Canadian Legion will hold a dance on July 2 at Langford Lakeside. Tombola prizes will be offered and refreshments will be served. Charlie Hunt's orchestra will supply the music.

Arthur Marling, assistant sec. of the Colwood Golf Club, is spending a vacation in Seattle.

Lavender Linens

Look Lovely and Last Long
The fibres of the flax plant vary in length from twelve to twenty-four inches, while cotton fibres are only about one inch in length. Thus we see that the value set upon linen is no mere sentiment due to its historic associations or even to its beauty but is a recognition of its superior lasting qualities.

There are, of course, various grades of linen yarn, depending upon the original quality of the flax, number of twists put into it and other features of the process of conversion, each representing a standard grade. Lavender linen represents one of the best. Now Lavender linen can be bought in separate cloths, napkins or in matched sets.

NEWS IN BRIEF

There will be a meeting of the Guild of Health on Tuesday evening at 8 o'clock in the Memorial Hall Chapel. Rev. P. A. Chadwick will conduct the service.

Joseph Smith, appealing a conviction in Police Court of shouting for patronage of tally-ho at the Belleville Street steamer terminal, appeared before Judge P. S. Lampman in County Court this morning. The hearing is continuing this afternoon.

The garden party of St. Paul's Presbyterian Ladies Aid which was advertised to take place Wednesday, June 20, has been postponed, owing to the death of one of the old members, until the week following. It will be held instead at the home of Rev. and Mrs. J. S. Paterson, Esquimalt Road, on June 27.

Judge P. S. Lampman in County Court this morning deferred until Friday, June 29, hearing of a charge of bigness against George Reid. Evidence taken on commission is not yet to hand, the Court was informed by J. B. Clearhue, counsel for the prosecution. D. S. Tait is counsel for the accused.

The editorial staff of The Times is indebted to-day to the Beach Fruit Growers Association for the gift of a choice crate of strawberries, fresh from the fields. Similar crates have been moving out in carload lots to the prairies for some weeks now, as a type of advertisement which is obtaining practical results.

J. Hawthorne, charged with a statutory offence, this morning appeared before Judge P. S. Lampman in County Court and pleaded trial with-out a jury. The accused is a member of the military forces at Esquimalt. The hearing will proceed on Thursday morning, with Judge prosecuting and J. B. Clearhue for the defence.

The right to a loan of \$2,000 on first mortgage security free of interest was awarded to W. J. Tomlinson as the result of a drawing held in the Pemberton Building by the Capital City Building Society and Savings and Loan Association. E. J. Haughton, F. W. Baylis and W. H. Jacques officiated as a drawing committee, and Mrs. H. W. Devlin drew the number from the drum. Alderman William Marchant, president of the association, was in the chair.

Before Judge D. A. McDonald in Supreme Court hearing opened this morning of the civil action of the Colwood Racing Association to recover from the municipality of Oak Bay license fees of \$1,500 paid under protest last year, for a permit to carry on racing at Willows Park. Oscar Bays is appearing for the Colwood Association, Oak Bay Municipality being represented by H. G. Lawson and E. C. Mayers. The action is proceeding this afternoon.

All parents and residents of the James Bay district are cordially invited to a dress display to be given under the direction of Miss Martin, home economics teacher, at the South Park School, on Tuesday. Musical selections will be rendered by several members of the school choir, while refreshments will be served by the lady conveners. This function is to be held under the auspices of the James Bay District Parent-Teacher Association and will commence at 8 o'clock.

Everything is well in hand for the Parlor Show to be held by the B. C. Provincial Rabbit Breeders' Association at the Y.M.C.A. on Tuesday evening. The entries for this show are not only for members of the association, but any rabbit breeder. Entry fee is 25c per rabbit, and ribbon awards will be placed on all winners. All the leading breeds will be shown under two classes, three to six months of age and over six months. C. Woolley and Mrs. J. French will officiate as judges. Entries to be in place by seven o'clock, and judging will start at eight o'clock. The general public is cordially invited and admission is free.

The two Victoria pupils attending the School of Decorative and Applied Arts, Vancouver, have ranked high in the final examinations of the first year course. In a class of forty, Miss Irene Harris took second place for which she gained a \$25 scholarship. "After" Macpherson, the youngest pupil, obtaining seventh place. Several splendid exhibits of both pupils were amongst those displayed last week at the exhibition of students' work to an appreciative public. Owing to the rapid growth of the school, a separate building is imperative but arrangements have been made to temporarily accommodate the Fall class in the new Technical College.

RESTRICTION OF PILCHARD BOATS NEEDED

Government Should Limit
Vessels H. Beckwith
Tells Gyros

That there is need for Government regulation in the number of seine boats operating in the pilchard industry off the West Coast of Vancouver Island was the contention of Harold Beckwith in speaking before the Gyro Club to-day.

"There are many hazards in connection with the industry," said Mr. Beckwith. "You cannot predict when the run will start and last year the crews at the refineries were kept idle for weeks. The industry is a gamble and must take into consideration the weather and the behavior of the pilchards that they will not break up their schools and head out to sea. If too many boats pursue the pilchards they are likely to do that. The Government should take some steps to limit the number of boats so that there may be a fair return on the capital already invested in this West Coast industry."

Gyro Harry Dawson made his final report on the Westminster Glee Singers and handed over a very fine sum for the club's treasury fund which is devoted to charitable purposes. The club extended a hearty vote of thanks to Mr. Dawson for his untiring efforts in connection with the show.

SHOOTING CASE BEING APPEALED

Tong Battle Outside Hudson's Bay Store Being Reviewed

The British Columbia Court of Appeal this morning opened hearing of the appeal of Lee Lim against a sentence of fifteen years in the penitentiary for attempting to murder Wong Lim in the shooting affray outside the Hudson's Bay Company store last February.

Stuart Henderson protested that his client Lee Lim was not at the scene of the shooting at the time it occurred. He applied to the Chief Justice, Mr. Henderson said the defence was an alibi. "We were not there," and claimed the evidence was not properly put to the jury by the trial judge. The hearing is proceeding, with A. D. Macfarlane representing the Crown.

OBITUARY

The late Mr. Maxam was born in London, England, and is survived by four daughters, Miss "Teenie" Maxam in Vancouver, Mrs. E. G. Adams, Seattle; Mrs. A. C. Lindsay and Mrs. P. E. Lendrum in Kamloops; also four sisters, including Mrs. M. Sjolund in Victoria, and three brothers in England. The funeral will be held from the B.C. Funeral Chapel on Tuesday at 3 p.m. Interment will be made in the family plot in Ross Bay cemetery.

Mrs. W. S. Beckwith has received news of the death of her mother, Mrs. Geldert, in Atlanta, Ga., at the advanced age of ninety years. Mrs. Geldert resided with her daughter from 1908 to 1914 and had many friends here.

The funeral of John James Virtue, who died Wednesday at the Royal Jubilee Hospital, took place Saturday afternoon from the Sands Funeral Chapel. Numerous friends were present. Rev. Thomas Keyworth officiated and the hymns sung were "Safe in the Arms of Jesus" and "Rock of Ages." D. H. Henry, C. D. Munn, H. Pollard and R. Anderson acted as pallbearers, and the remains were laid to rest in the family plot at Ross Bay cemetery.

ATTRACTED BY JAPAN SHRINES

Dr. and Mrs. D. R. Dupuis,
Formerly of Windsor, Ont.,
Returning Home

Dr. Denis R. Dupuis of Santa Monica, Cal., accompanied by his wife, disembarked here to-day from the American Mail Line steamer President Lincoln after completing a pleasure tour in Japan.

Dr. Dupuis formerly practiced medicine in Windsor, Ont., but for a number of years has resided in California. Sailing from San Francisco by the President Madison, Dr. and Mrs. Dupuis spent several weeks in Japan and expressed delight with their visits to the shrines at Nikko and other historical points.

"Money is at par and everything now appears to be prosperous in Japan," said Dr. Dupuis as he came ashore this morning.

WALKED AROUND WITH A BULLET WOUND IN CHEST

How Edward E. Read, twenty-four years old, resident of Saturna Island, walked around for several days with a .22 calibre bullet in his chest, is told by officers of the Provincial Police to-day, following the removal of the man to hospital at Saanich. Self-sufficiency was still going about his daily work, with the bullet still in his chest. The accident occurred when the youth picked up a rifle he had laid on the ground, muzzle-first, the trigger being tripped by brambles. He is said to be making satisfactory progress towards recovery.

DIVER PLACED IN AIR CHAMBER TO PROMOTE RECOVERY

Suffering from a severe attack of what divers know as caisson disease, with paralysis of both legs, after working at a depth of 125 feet under water at the United States Navy's Torpedo Station at Keyport, Washington, C. S. Cathledge was brought here at 10:30 a.m. to-day by the United States cutter Mohican, for special treatment.

Cathledge was placed in the compression chamber of the Ss. Salvage King at 11:25 a.m. and will be removed after several hours' treatment to high air pressure, which, it is hoped, will afford him relief. He made the dive which brought on the attack on Saturday afternoon, and the present emergency treatment is expected to bring about a change in his condition, other remedies having failed.

DEATH CAR TO BE RAISED

Provincial Police Ask Ship-masters to Slow Down in Active Pass

Officers Have Located Car Which Carried Two to Their Death

A warning to steamboat masters playing via Active Pass to watch out for a police launch moored some 400 feet off Mary Ann Point in the direction of Laurel Point, grappling for an automobile which plunged to the bottom there with a loss of two lives, was issued by the Victoria division of the Provincial Police to-day.

Three times in the last few days police boats have been ordered to the police boat, with considerable damage to the car.

Though they have found the car in which Peter Olsen and H. Peterson are believed to have lost their lives, the police are unable to complete the salvage operations until the slack tides towards the end of this week. Constable W. H. Hadley is in charge of the work.

Mrs. Peter Olsen, widow of one of the men lost when an automobile plunged from a ferry steamer to the water in Active Pass, is watching the search, in the hope that the remains of the two men may still be confined in the car. The car has been located on a sandy bottom some 400 feet from Mary Ann Point, and the police are confident they can raise it when the slack tides set in. They appeal, however, for the co-operation of ship-masters.

"Ask the boats to slow down and to give us as wide a berth as they can," stated Constable Hadley to-day. "We are playing a police boat at the truck, a blue sedan with a coat of arms in the corner. We have had three sets of tackle smashed, and cannot get on with the work until they leave us alone."

The car was almost raised at one time when the grapples broke. The hood has been found by Japanese fishermen near the scene, while the remainder of the car is still where it fell from the steamer in the Pass. The police have remained steadily on the scene since the accident, and are confident that they have now located the vehicle and can raise it.

The fatality was one of the most remarkable in the history of the port, in which two men, presumably asleep in their car, plunged over the side of a ferry steamer as the vessel was going through the Pass. It is surmised that both went down with the car, but what actually occurred will not be known until the car is raised.

Three Motorists Killed By Train

Warwick, Que., June 18—Three young men were killed and another mangled when a Canadian National Railway train struck the automobile in which they were riding here to-day.

The victims were Emile Paquin, twenty-two; Armand Paquin, eighteen, and Desre Boisloly, eighteen.

Adelard Paquin was injured. Another occupant of the car, Mr. L. J. Henderson, R. H. Carson and Cecil Kilham.

CURB PUMPS UNDER FIRE

Calgary Moves to Eliminate
Street Stands For Air
and Gas

Mayor J. C. Pendray Will
Return to City To-morrow
From Eastern Canada

The removal of gasoline pumps and air pumps from the curb to alleviate traffic congestion, many times before the City Council on previous occasions, is revived in a letter to the city to-day from the city of Calgary, Alta. Calgary is planning to refuse permit to all future applications for curb pumps and air pumps at the curb, and asks city officials here what action has been taken on the same subject. The letter will be laid before the City Council at its next meeting, now set for Tuesday.

SPECIAL SESSION

The council will sit at 7:30 p.m. Tuesday in a special session to introduce the formal resolution conferring the freedom of the city on R. F. Butchart, to be passed at the public ceremony to be held on Friday at 11 a.m. in the City Council Chamber. A list of 100 guests have been invited to attend the ceremony.

At 8 p.m. to-morrow the council will go into its regular meeting to consider a routine agenda. At this meeting, it is anticipated, Mayor J. C. Pendray will make a report on the results of his mission to Eastern Canada on behalf of the cold storage negotiations between the city and the Municipal Debenture Corporation and H. G. Brown. Mayor Pendray is in Vancouver to-day, and will arrive home to-morrow, it is understood.

A subdivision of city owned property bounded by May Street, Fairfield Road and Moss Street, to make street lines more easy of accomplishment than at present mapped out, will be laid before the council to-morrow, by effecting a trade in certain parcels, the city has now prepared a map that will permit of roads being placed through the area when required. The mapped limits of the area are called for roads through many feet of solid rock, which would have been difficult of accomplishment except at excessive cost. A treed and rocky portion of the area on May Street will be permanently reserved for park purposes.

MUNN BACKS P.G.E. POLICY

Government Will Solve Problem, He Says at Re-nomination

Squamish, June 18—A. E. Munn, Liberal member for Lillooet in the last Legislature, was renominated as his party's standard-bearer in Lillooet in the forthcoming election at a convention here Saturday night.

At a public meeting Mr. Munn avowed his complete accord with Premier Maclean's policy on the Pacific Great Eastern Railway. When asked what he said, he had determined that something must be done to solve the problem of a costly and practically moribund public railway venture.

Outside of a few Liberal members from P.G.E. district, Vancouver and North Vancouver, whom he termed the "P.G.E. bloc," he had at first found it impossible to interest any others on his side of the House.

Now the Government was committed absolutely to a policy either of satisfactory disposal or completion of the road from North Vancouver to Prince George. If there was no sale, he joined with Hon. Mr. Maclean in the warning that delay in completing construction "must be short or there will be trouble with the P.G.E. members."

As a business man, he appealed for general support for a government which he declared to be the best the province has ever had.

From "farm stockmen," provincial secretary, paid tribute to Premier Maclean as a leader who had the unquestioned fidelity of every section of his own party and the strong endorsement of a large majority of independent electors, from labor men to the biggest business interests in the province.

If the P.G.E. was disposed to the Canadian National, the C.P.R. or any private corporation, there must be a stipulation that the road would be completed immediately from North Vancouver to Prince George, Mr. Maclean declared.

He would also fight to see that in the event of disposal in any manner, the present employees of the P.G.E. who had worked so loyally for its improvement must be guaranteed full rights of priority and seniority as a stipulation in any agreement.

APPEAL REFUSED IN OPIUM CASE

Three-year Sentence on
Wong Wa Before Appeal
Court

The British Columbia Court of Appeal this morning refused to grant W. J. Taylor, K.C., leave to appeal the conviction of Wong Wa (Wah Lung) by Judge F. S. Lampman on February 20 last, on a charge of selling opium.

Wong Wa was convicted of selling, through intermediaries, opium to Detective Corporal C. J. Black of the Royal Canadian Mounted Police, and was sentenced to serve three years, with a fine of \$350.

M. B. Jackson, K.C., was not called upon to speak on behalf of the Crown.

POINT GREY WILL NOMINATE LIBERALS

Vancouver, June 18—Liberals of Richmond-Point Grey will meet to-night to choose their candidate to oppose S. L. Howe, Conservative, at the polls. There is some uncertainty as to which of several aspirants will get the nomination, but among those receiving favorable consideration are Dr. J. E. Henderson, R. H. Carson and Cecil Kilham.

STOCK MARKETS — FINANCIAL NEWS — GRAIN MARKETS

TO-DAY'S GRAIN MARKETS

(Branson, Brown & Co. Limited)
Winnipeg, June 18.—Wheat: The wheat market was very heavy again to-day with continued liquidation in the July, unwinding of spreads between the different months and between this market and Chicago. On the extreme break the July future broke 2½ cents, and the new crop months 1½ cents, and the close on Saturday. While export business over the week-end was said to be quite moderate, there was very fair buying at times by seaboard houses, who were taking the July offerings on the scale down.

Exporters stated there were good bids in the market just under present levels for good-sized lots. The market staged a good comeback at mid-session, regaining most of the early loss, but offering again increased, and the market fell away to the lowest points of the day, July getting 2 cents under October at \$1.23, which appears to be the cheapest wheat in the world. On the cash market there was a good demand for the lower grades from No. 4 downward, and these grades were trading at spreads fractionally better than on Saturday with offerings very light.

Seaboard estimated export wheat sales from 600,000 to 700,000 bushels, while the port reported they were not offering abroad. German cables complained of cool weather, and were asking for offers. Western Canada received a good soaking over the week-end, the precipitation running down ¾ to ¾ inches, being the heaviest since most needed. Spring wheat states also received good rain. Heavy rains were also received in parts of Kansas and other winter wheat states, and serious damage is reported to the wheat crop in some areas. World shipments the past week were large, being 18,792,000 bushels of wheat, of which 8,757,000 bushels cleared from North America. On passage ships cleared 1,328,000 bushels. The United States wheat visible supply decreased 3,319,000 bushels, and the Canadian visible decreased 1,000,000 bushels.

Many believe that this liquidation of July wheat is just about finished, and should the expected demand from abroad spring up, the market will be due for a sharp recovery. Winnipeg futures closed 2½ to 1½ lower or on the bottom.

Coarse grains: Affected by the weakness in wheat and a slow demand from all quarters, these markets met general liquidation to-day, and prices again declined rather severely. There was no export business in evidence, and domestic demand was only small. Cash closed ¾ to ½ lower, barley closed 1½ to 1¼ lower and rye ¾ to 1 cent lower.

Flax: General liquidation by tired buyers accompanied by a poor demand carried prices sharply lower, closing ¼ to ½ lower. There was no other feature.

COMICAL BIRDS

Nature seems at times to have turned from the creation of the sublime to the evolution of the comic. In any court of birds the starling would ably take the role of jester. The starling mounts aloft to a chimney-top to pour out the funniest lay ever to come from the throat of a bird. He whistles, gabbles, sneezes, chickles and screams, as if life were a great comedy.

Starlings are great mimics. When caged, the birds are "talkers," and can be taught to whistle, tunes as accurately as a bullfinch.

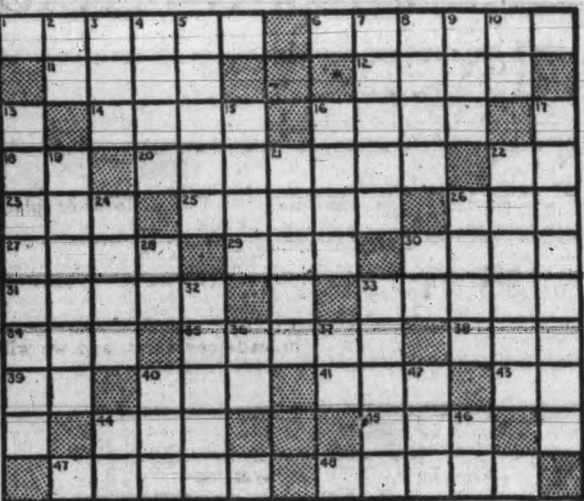

The starling has a tremendous appetite. He eats enough fruit for a bird three times his size, and likes wire-worms.

There is great fun in watching two cardinals together. They stand head to head and mutter and chatter with such solemnity and seeming sagacity that they might be settling the world's affairs. These birds are sometimes called Virginia nightingales. They sing sweet, piping notes, but are not nightingales.

To-morrow's Horoscope

Tuesday, June 19, 1928

This is an uncertain day, according to the reading astrology. It is well to tread on safe ground in romance as well as business.

Women are subject to favorable influences, but they may be too independent and positive for the approval of their families. Wives under this direction of the stars often make extreme financial demands and disturb the domestic serenity. Women should cultivate unselfishness while this configuration prevails.

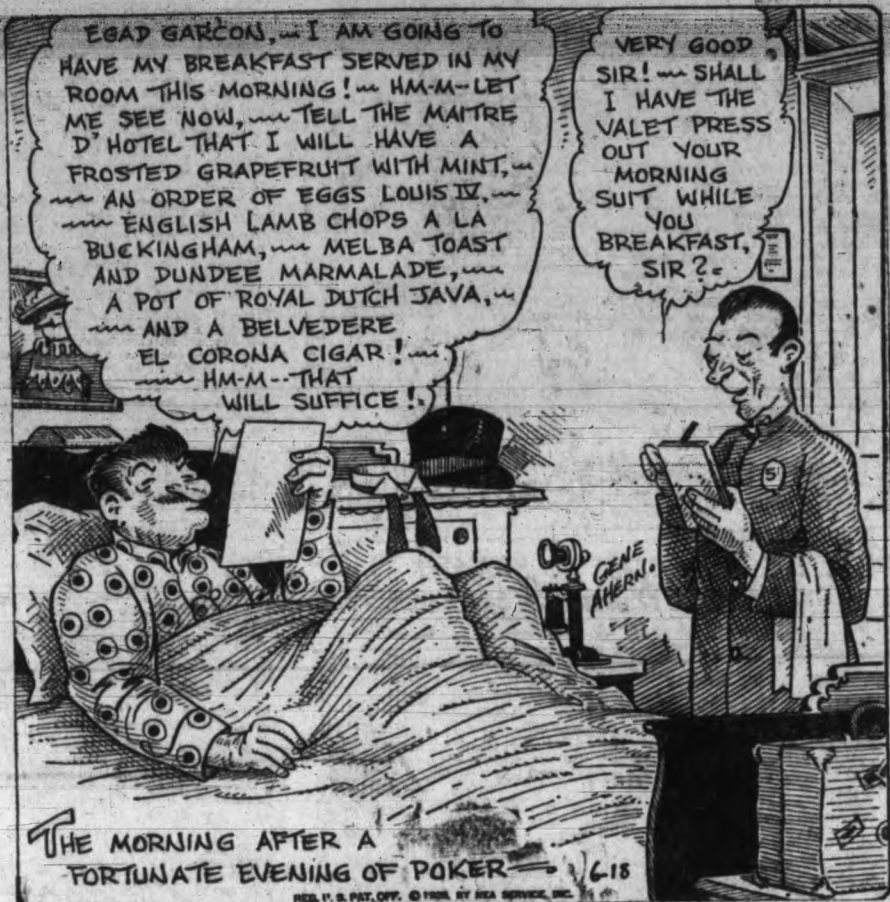

for the general trend of the planetary influences is to accent their self-assertion. This should be a fairly favorable wedding day, although quarrels may be easily precipitated by those who have behind angels where mere human beings exist. Theatres should profit at this time when the stars promise better plays

and the appearance of new geniuses. This is read as a menacing rule for certain sorts of big enterprises, especially those connected with government buildings. It is not a favorable day for surgeons or surgery, for the aspects are read as presaging unexpected complications. The stars promise increase instead

of decrease in divorce, and new scandals owing to lax moral standards. Persons whose birthdate it is should avoid unnecessary journeys in the coming year. Children born on this day probably will be interested in mechanics. They may be especially liable to accidents. (Copyright, 1928)

Commission On Pilotage Assured Expect Body to Be Named This Summer

Ottawa Advises Say No Doubt That Commission Will Be Appointed; Efforts of Shipping Interests and Pilots Are Brought to Head

Definite assurance of a royal commission, to investigate conditions in pilotage on the British Columbia Coast is given in a dispatch from Ottawa over the week-end, which states that though there is no doubt of a commission being appointed, it is not believed the body will be selected until late in the summer.

Action taken by pilots, board of trade heads and shipping interests is brought to a head by this announcement from Ottawa, and both pilots and shipping men here welcome the decision to hold the commission.

Licensing of pilots, wage scales and the control of pilotage are the chief points of contention, there being no organized method of handling these matters on the British Columbia coast, it is claimed.

Through action taken by interested

parties an honorary pilotage committee was formed to discuss the situation. Recommendations brought in by this body at a meeting recently proposed "that the coast should be divided into defined areas; that it should be decided what was the minimum number of pilots needed in slack and busy seasons; that the qualifications of pilots now in service should be reviewed and that pooling arrangements should be instituted which would bring the average earnings of the pilots to approximately \$500 a month."

It was the opinion at this meeting that Government control would be a great aid in bettering conditions and most of the larger operators were in favor of this.

Probably no further action will be taken by the honorary board, following the announcement from Ottawa, it is thought here.

With 600 tons of cargo for discharge at this port the American Mail liner, President Lincoln, Capt. H. L. Jones, docked here this morning at 7 o'clock from China, Japan and the Philippines. The local cargo was largely made up of dried onions, for shipment all over Canada. The Lincoln had a delightful trip across, the seas being practically as smooth as glass during the eleven-day voyage from Yokohama. More than four thousand tons made up the cargo for discharge at Seattle, including a valuable shipment of raw silk for shipment to New York.

PASSENGER LIST
One hundred and seventy-seven passengers in all classes were aboard the Lincoln this trip. Of these three first cabin and twelve steerage, disembarked at this port, the remainder going on with the ship to Seattle. The total list was made up of one hundred and twenty steerage and fifty-seven cabin.

NAVAL MEN ON BOARD
Among the prominent people traveling in the first saloon were several United States naval officers returning to the United States after several years spent with the United States fleet in Asiatic waters. Among these were

Lieut.-Commander John K. Richards with Mrs. Richards and their four children returning to Washington, D.C., where Commander Richards will be stationed with the newly created Merchant Naval Reserve. Other naval men were Lieut.-Commander Franklin B. Conger, accompanied by Mrs. Conger, and Lieut. William W. Davidson, returning home after a tour of duty in Tientsin.

Other passengers were O. D. Martinez, Oriental superintendent of the Robert Dollar Company of Shanghai, accompanied by his mother, Mrs. O. D. Martinez; Dr. Clarence H. Mills, accompanied by Mrs. Mills and their three children, returning to their home in Cincinnati after several years in China where Dr. Mills is a medical missionary in Peking; Franz K. Moser and Mrs. Moser and their two children, returning to their former home in Switzerland for a prolonged holiday. Mr. Moser is manager in Japan for the Nestle Anglo-Swiss Condensed Milk Company, Howard Cavender, general agent of the Robert Dollar Company at Manila, accompanied by Mrs. Cavender and their son Howard, returning to their home in Seattle for a holiday.

C. C. Wang, Mrs. Wang and their four children, en route to Estes Park, Colorado to visit friends; Rev. Adam J. Westman, Mrs. Westman and their son en route to their former home in Muskegon, Michigan. Rev. Mr. Westman is connected with the missionary society of Puget Sound. Also on board was P. F. Ping of the Vacuum Oil Company of New York, returning from a world tour, in which he visited all the agencies of his company on the globe; Ernest G. Zacharias, assistant manager in Shanghai of the Equitable Eastern Banking Corporation. Accompanied by Mrs. Zacharias he will visit in New York and return to China, by way of Europe and the Suez Canal; Dr. Evan E. Carl, an oculist of Beaver Dam, Wisconsin, who has been on a tour around the world during which he spent several months in India; Miss Charlotte Blazma and Miss Amy Brown, artist instructors of Seattle, returning from a pleasure trip around the world; Dr. and Mrs. Dupuis left the vessel at Victoria.

OFFICIALS RETURN
Several prominent transportation men returned to Seattle this morning on the Lincoln. These included a party of Chicago, Milwaukee and St. Paul railway officials who have been spending the week-end in Victoria. They included the president of the road, W. W. K. Sparrow, and Mrs. Sparrow; Vice-president H. E. Pierpont, C. Gillick, Vice-president J. T. Gillick, Chief Engineer W. W. Pen-Seattle, Chief Engineer Traffic Manager P. N. Hinks of Seattle, F. A. Haines, vice-president of the American Mail Line with headquarters in Seattle. Line with headquarters at the Sound City on the President Lincoln. He came to Victoria on Saturday on the out-bound President Jefferson.

Business Men Take Trip On New Ferry Boat

Thoroughly enjoying an eight-hour trip from Victoria to Edmonds and returning on the new ferry City of Victoria, a large party of Victoria business men with their wives and families were yesterday guests of Howard Payne, vice-president and manager of the new company on the ship.

Leaving Victoria at 1 o'clock, the party which included business men of the city and members of the Chamber of Commerce and Publicity Bureau, arrived at Edmonds at 5:30 o'clock and left again at 6 o'clock, arriving back in Victoria at 10 o'clock. The weather was ideal and the deck space on the steamer was crowded to capacity by sun-loving Victorians, anxious to enjoy to the utmost the warm sun and delightful sea breezes.

Shortly after leaving, the steamer met with a minor accident in the inner harbor. Just as she turned around and began to put on steam the Olympic from Port Angeles horn in sight, and to avoid a collision the captain of the City of Victoria with admirable judgment she sid against the shell Oil Company's wharf. A survey of the ship revealed no damage done and the vessel proceeded on her way to Edmonds.

The party from Victoria returned to the city well pleased with the accommodation and service on the new vessel, confident that the new ferry would attract more tourists than ever to Victoria.
